

Welcome to Health Shots for all your Immunization and Wellness Services

Health Shot's experienced nurses provide preventive healthcare both on-site and in our clinics. We work with groups and businesses of all sizes throughout the Front Range and Greater Denver Metro Areas to provide:

- [flu prevention clinics](#)
- [monthly vitamin B-12 injections](#)
- [adult and children's immunizations](#)
- [travel and school vaccinations](#)
- [blood testing](#)
- [health fairs](#)
- [non-diagnostic health screenings](#)

Our purpose is to provide the convenience of a walk-in or on-site visit for immunizations against vaccine-preventable diseases as well as public education and wellness for adults and children. **You can expect personal attention with emphasis on safety, reliability and satisfaction.**

Invite Health Shots to your Health Fair or Company Flu Clinic

Prevent illness and absenteeism in your group or business by hosting your own on-site flu or wellness clinic with no set-up charges for office, local or on-site visits. Walk-in or appointment times are available for your office location. We also offer blood testing by request with no physician orders needed as well as monthly vitamin B-12 wellness shots.

Our prices are often lower than "out-of-pocket" insurance co-pays with [credit card and flex card options](#). We accept cash, checks, Master Card, Visa and Flex cards. Our professional team of registered nurses and Medical Director Thomas Minor, MD, will ensure that you have a successful and effective Health Fair.

Contact Health Shots, Inc. by phone: 720-379-4124 or e-mail: info@healthshotsinc.com to schedule your event!

For your computer support, networks and hosting needs, trust Weinsteiger Consulting

Weinsteiger Consulting, LLC provides small businesses with tech support for office computers, networks, systems, security, servers and hosting with the experience and tools usually reserved for large corporations.

Our primary goal? For your business to thrive without wasting time on technical problems. We will quickly identify the problem, evaluate possible resolutions and recommend appropriate actions. Once the immediate system support issue has been resolved, we assist you in avoiding the problem in the future with preventative maintenance measures.

With our IT Support Services, we're with you every step of the way.

Does this sound familiar?

- "I can't log in. "
- "I can't print. "
